INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Foundation for Ichthyosis and Related Skin Types, Inc.

Opinion

We have audited the accompanying financial statements of Foundation for Ichthyosis and Related Skin Types, Inc. (a nonprofit organization), which comprise the statement of financial position as of September 30, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Foundation for Ichthyosis and Related Skin Types, Inc. as of September 30, 2021, and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Foundation for Ichthyosis and Related Skin Types, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Foundation for Ichthyosis and Related Skin Types, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Foundation for Ichthyosis and Related Skin Types, Inc.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Foundation for Ichthyosis and Related Skin Types, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Foundation for Ichthyosis and Related Skin Types, Inc.'s 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 25, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended September 30, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

FOUNDATION FOR ICHTHYOSIS AND RELATED SKIN TYPES, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2021

1. NATURE OF ORGANIZATION

The Foundation for Ichthyosis and Related Skin Types (the Foundation) was incorporated in the State of California on January 2, 1981. The Foundation is an organization offering information, education, and support services to its global membership of persons affected with ichthyosis and other related skin conditions and their families.

The Foundation has been primarily based in the Philadelphia area since 1995, to allow better access to the Washington, D.C. area which has helped accomplish legislative advocacy including the National Ichthyosis Registry.

The Foundation prepares a quarterly newsletter, offers scholarships and support to the ichthyosis and related skin condition community, promotes research, and holds a national conference every other year to bring members together to attend lectures by leading physicians about ichthyosis as well as open discussion groups.

During the year the Foundation provided research grants to fund studies on Darier disease with the potential that data from these studies may lead to the first targeted treatment for the disease.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

In the statement of financial position, assets and liabilities are presented in order of liquidity or conversion to cash and their maturity resulting in the use of cash, respectively.

Basis of Presentation

The financial statement presentation follows the recommendations of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 958-205, Presentation of Financial Statements. As amended by Accounting Standards Update No. 2016-14, the Foundation is required to report information regarding its financial position and activities according to two classes of net assets:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Foundation. These net assets may be used at the discretion of the Foundation's management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. At September 30, 2021, the Foundation had net assets with restrictions which are perpetual in nature in the amount of \$110,013. In total, the Foundation had \$839,372 in net assets with donor restrictions at September 30, 2021.

FOUNDATION FOR ICHTHYOSIS AND RELATED SKIN TYPES, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Designated Net Assets

Periodically, the Board may designate a portion of the Foundation's net assets for specified long-term expenditures. These designations aid in meeting the Foundation's long-term objectives and assist in the prudent management of its assets. The Board has the authority to change or modify its own actions as circumstances merit.

Accounting Pronouncement

In 2016, FASB issued ASU 2016-14, *Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and lack of consistency in the type of information provided about expenses and investment return. The Foundation adopted the new standard effective September 30, 2019 and had adjusted the presentation of these financial statements to comply with the standard.

Accounting Pronouncement Issued but Not Yet Adopted

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*, to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements for lessees and lessors. The new standard applies a right-of-use (ROU) model that requires, for all leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset for the lease term and a liability to make lease payments to be recorded. On May 20, 2020 the FASB voted to defer the effective date of ASC 842. The ASU is effective for the Foundation's annual period's beginning after December 15, 2021, which is the year ended September 30, 2023, with early adoption permitted. Management does not expect this ASU to have a significant impact on the Foundation's combined financial statements.

Contributions and Grants and Revenue Recognition

Contributions are recognized as revenue when an unconditional promise to give has been made. Conditional contributions, including conditional promises to give, are not recognized until they become unconditional.

All contributions and grants are considered to be without donor restrictions unless specifically restricted by the donor or grantor. Amounts received that are designated for future periods or restricted by the donor or grantor for specific purposes are reported as net assets with donor restrictions that increases that net asset class. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Measure of Operations

Transactions deemed by management to be directly related to the programs of the Foundation are reported as operating revenues and expenses. Non-operating activities consist of gifts-in-kind, contributions, dividend and interest income, and realized and unrealized capital gains.

FOUNDATION FOR ICHTHYOSIS AND RELATED SKIN TYPES, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Foundation is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Foundation has been classified as an entity that is not a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(vi). Accordingly, no provision is required to be made for income taxes in the financial statements. There was no unrelated business income for the year ended September 30, 2021. The Foundation has filed for and received income tax exemptions in the jurisdictions where it is required to do so, i.e. the Bureau of Charitable Organizations of the Commonwealth of Pennsylvania. Additionally, the Foundation has filed Internal Revenue Service Form 990, *Return of Organization Exempt From Income Tax*, as required.

GAAP requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Foundation's tax return to determine whether the tax positions are more likely than not of being sustained by the applicable tax authority. Tax positions not deemed to meet the more likely than not threshold would be recorded as a tax benefit or expense in the current year. A reconciliation is not provided herein, as the beginning and ending amounts of unrecognized benefits are zero, with no interim additions, reductions, or settlements. That is, the Foundation does not have any uncertain tax positions and associated unrecognized benefits that materially impact the financial statements or related disclosures. The Foundation is relying on its tax-exempt status and its adherence to all applicable laws and regulations to preserve that status. However, the conclusions regarding accounting for uncertainty in income taxes will be subject to review and may be adjusted at a later date based on factors including, but not limited to, ongoing analysis of tax laws, regulations, and interpretations thereof.

The Foundation's informational returns filed with the Internal Revenue Service are generally subject to examination for three years after the later of the due date or date of filing. However, the Foundation is not currently under audit nor has the Foundation been contacted by any of the taxing authorities.

Cash and Cash Equivalents

For the purposes of the statement of cash flows, the Foundation considers all demand deposits, money market funds, and securities with original maturities of three months or less to be cash equivalents.

Property, Equipment and Depreciation and Amortization

Property and equipment are recorded at cost, or if donated, at approximate fair value at the date of donation. The Foundation capitalizes property and equipment if its value is greater than \$500 and its useful life is more than one year. When assets are retired or otherwise disposed of, the cost and related depreciation are removed from the books and any resulting gain or loss is reflected in income for the period.

FOUNDATION FOR ICHTHYOSIS AND RELATED SKIN TYPES, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, Equipment and Depreciation and Amortization (Continued)

Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Computers, printers, and website - 5 years
Furniture and fixtures - 7–10 years
Office equipment - 10 years
Leasehold improvements - shorter of the remaining term of lease or life of asset

Property and equipment consist of the following for the year ended September 30, 2021:

	Amounts
Computer equipment and software	\$ 15,055
Website	64,510
	79,565
Less: accumulated depreciation and amortization	(46,799)
Property and equipment net of accumulated depreciation and amortization	\$ 32,767

Depreciation and amortization expense, relating to property and equipment, charged to operations was \$12,686 for the year ended September 30, 2021.

Donated Services and Other In-Kind Contributions

Contributed professional services are recorded at the fair value of the services provided by professional volunteers if the services create or enhance non-financial assets and/or require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. There were no contributed professional services for the year ended September 30, 2021.

The Foundation also receives donated services from unpaid volunteers who perform a variety of tasks that support the Foundation's activities. However, no amounts have been reflected in the financial statements as these services do not meet the criteria for revenue recognition under GAAP.

Advertising

The Foundation follows the policy of charging the costs of advertising to expense as incurred. There were no advertising expenses for the year ended September 30, 2021.

Functional Allocation of Expenses

The costs of providing the programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses that can be identified with specific programs and support services are allocated directly to their natural expense classification. Expenses relating to more than one function are allocated to program and support services based on estimates made by management, including

FOUNDATION FOR ICHTHYOSIS AND RELATED SKIN TYPES, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Functional Allocation of Expenses (Continued)

estimates of time spent by personnel between functions and related expenses incurred for the program and supporting services benefited. Therefore, certain employee salaries, payroll taxes, and other related costs are allocated on the time spent by classification by the employee. Management and general expenses include those expenses that are not directly identifiable with any other specified function but provide for the overall support and direction of the Foundation.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Compensated Absences

Employees of the Foundation are entitled to paid vacation, sick days, and personal days off. As of September 30, 2021, the amount of compensation for future absences is \$6,052. Accordingly, the liability has been recorded and included in accrued expenses.

Comparative Financial Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended September 30, 2020, from which the summarized information was derived.

Investments

Investments in marketable securities are reported at fair value. Fair value is determined from quoted market prices. Unrealized gains and losses are included in the change in net assets. Investment income is reported as an increase in unrestricted net assets. The Foundation's investments in marketable securities are subject to market risk. The degree and concentration of risk varies by the type of investment.

The following table shows unrestricted and restricted Investments held by the Foundation as of September 30, 2021:

Mutual funds – fixed income	\$ 119,971
Exchange traded funds – fixed income	36,513
Mutual funds – equity	1,978,119
Exchange traded funds – equity	222,946
Total investments	<u>\$ 2,357,549</u>

FOUNDATION FOR ICHTHYOSIS AND RELATED SKIN TYPES, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments (Continued)

The following table shows investment income including money market earnings for the year ended September 30, 2021:

Dividends and interest	\$ 71,642
Realized gains	243,579
Unrealized gains	14,085
Total investment income	<u>\$ 329,306</u>

The Foundation's investments have been approved by the Board of Directors in accordance with its investment policy. The primary investment objective of the Foundation is to provide increased yield and long-term growth of capital to meet the future obligations of the Foundation, with a secondary objective of providing the necessary income to meet the current operational needs. Thus, the long-term objective of the Foundation's investment of funds is to maximize the real return, or the nominal return less inflation, of the assets over a complete market cycle with emphasis on preserving capital and reducing volatility through prudent diversification. Realized gains and losses are computed using the average cost method and are netted with the unrealized gains and losses on the Statement of Activities. Investment earnings for year ending September 30, 2021 are included in net assets without donor restrictions.

Statement Reclassifications

Certain reclassifications may have been made in the prior year's amounts to conform with current year statement presentation.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurement, specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with FASB ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs—Unadjusted quoted market prices for identical assets and liabilities in an active market that the Foundation has the ability to access. Valuations of these instruments do not require a high degree of judgment since the valuations are based on quoted prices in active markets.

Level 2 Inputs—Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; and inputs other than quoted prices that are observable, such as models or other valuation methodologies. Valuations in this category are inherently less reliable than quoted market prices due to the degree of subjectivity involved in determining appropriate methodologies and the applicable underlying assumptions.

FOUNDATION FOR ICHTHYOSIS AND RELATED SKIN TYPES, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2021

3. FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs—Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements. These inputs require significant management judgment or estimation. These financial instruments have inputs that cannot be validated by readily determinable market data and generally involve considerable judgment by management. FASB ASC 820 requires the use of observable market data, when available, in making fair value measurements.

When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

As of September 30, 2021, none of the non-investment assets and liabilities were required to be reported at fair value on a recurring basis. Carrying values of non-derivative financial instruments, including cash and cash equivalents, investments, accounts payable and accrued liabilities and other payables, approximated their fair values due to the short-term nature of these financial instruments. There were no changes in methods or assumptions during the year ended September 30, 2021.

The following table shows the investments measured at fair value at September 30, 2021, grouped by the fair value hierarchy:

Description	Quoted prices in active markets for identical assets (Level 1)	Quoted Prices in Markets that are not level 1 for similar assets (Level 2)	Significant unobservable inputs (Level 3)	Total
Total at fair value	\$ 2,357,549	\$ -	\$ -	\$ 2,357,549

4. CONCENTRATIONS AND RISK

Financial instruments that potentially subject the Foundation to concentrations of credit risk consist primarily of cash and cash equivalents, and investments. The Foundation maintains its cash accounts at a commercial bank which at times exceeds federally insured limits. The Federal Deposit Insurance Corporation ("FDIC") insures \$250,000 for substantially all depository accounts. At September 30, 2021, there were no amounts in excess of insured limits. The Foundation performs ongoing evaluations of this commercial bank account to limit its concentration of risk exposure.

The Foundation also maintains cash funds, mutual funds, and investment securities with its custodian, Sun Trust Bank. These funds are not deposits or obligations of, or guaranteed by the investment company or any other bank or depository institution and the amount is not insured by the Federal Deposit Insurance Corporation (FDIC) or any other federal, state or government agency. The balance of the cash funds and mutual funds/investment securities at September 30, 2021 was \$73,265 and \$2,357,549, respectively.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2021

5. OPERATING LEASES

In October 2020, the Foundation's lease of office space ended. The Foundation moved to a remote work model for its staff.

Rent expense included in the accompanying statement of functional expenses was \$2,741, including other charges and reimbursements.

6. MAJOR CONTRIBUTORS AND GRANTORS

The Foundation defines a significant contribution as greater than 10% of total support and revenue. During 2021, the Foundation did not receive any contributions or grants from a single donor greater than 10% of total support and revenue.

7. LIQUIDITY AND AVAILABILITY OF RESOURCES

The Foundation is principally supported by public donations, corporate and private grants, and an endowment. The goal of the Foundation is to maintain available financial assets to meet next year's operating expenses of approximately \$625,000. In the event of unanticipated liquidity needs, the Foundation has the ability to scale-back and reduce non-essential support services.

The following represents the Foundation's financial assets as of September 30, 2021 that are allowable to meet cash needs for operating expenditures within one year:

Cash and cash equivalents	\$ 179,817
Investments	2,357,549
Total financial assets	2,537,366
Less:	
-accounts payable at September 30, 2021	(30,057)
-net assets with donor restrictions	(839,372)
Financial assets available to meet general expenditures within one year	\$ 1,667,937

8. NET ASSETS WITH DONOR RESTRICTIONS AND ENDOWMENTS

Changes in net assets with donor restrictions for the year ended September 30, 2021 are as follows:

	Beginning Balance	Additions	Releases	Ending Balance
Temporarily restricted:				
Diya and Aliya's Friends (DAF)	\$ 5,865	\$ 6,800	\$ (8,430)	\$ 4,236
Strategic Initiatives	73,440	3,418	(18,806)	58,052
Research	678,877	50,017	(61,823)	667,071
Total Temporarily restricted	\$ 758,183	\$ 60,235	\$ (89,059)	\$ 729,359
Permanently restricted (Endowments):				
Membership assistance program	10,000	-	-	10,000
Research	100,013	-	-	100,013
Total Permanently restricted	\$ 110,013	-	-	\$ 110,013
Total net assets with donor restrictions	\$ 868,196	\$ 60,235	\$ (89,059)	\$ 839,372

The restricted assets will be released when expenses for the restricted purpose occur.

Permanently restricted net assets are maintained in perpetuity. The donors of these assets permit the Foundation to use all or part of the income earned for general or specific purposes.

The Foundation's endowment consists of three donor-restricted funds, Edna and Myron Curl Endowment, Milstone General Research Endowment, and the Jane Bukaty Membership Assistance Fund which were established for research and member assistance. Net assets associated with endowment funds are classified and are reported based on the existence of donor-imposed restrictions, and more specifically classified as permanently restricted assets.

Interpretation of relevant law: The Foundation's governing board has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) enacted in the State of California as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is passed to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2021

8. NET ASSETS WITH DONOR RESTRICTIONS AND ENDOWMENTS (Continued)

In accordance with UPMIFA the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the endowment fund
2. The purposes of the Foundation and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and appreciation of investments
6. Other resources of the Foundation
7. The investment policies of the Foundation

Spending Policy, Return Objectives and Risk Parameters: The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to the program supported by its endowment while seeking to maintain the purchasing power of the endowment assets.

Corpus of the endowment asset is held in perpetuity for Edna and Myron Curl Endowment, Milstone General Research Endowment, and the Jane Bukaty Membership Assistance Fund based on donor-restriction. The endowment asset is invested in a mix of equity and fixed income securities. Investment earnings on the Edna and Myron Curl and Milstone General Research Endowments is appropriated to research and will be spent when the Foundation's board of directors determine enough interest has accumulated to a level that will enable them to provide research grants. Earnings on the Jane Bukaty Membership Assistance Fund are used to provide financial assistance to families with one or more affected individuals who's financial and reimbursement circumstances make obtaining adequate care and treatment difficult or impossible.

9. SUBSEQUENT EVENTS

The Foundation's management has performed subsequent events procedures through August 15, 2022, which is the date the financial statements were available to be issued. There were no subsequent events requiring adjustment to the financial statements or disclosures as stated herein except for the following.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Foundation which could impact the value of investments after the date of these financial statements. At the date of this report, the fair value of investments has declined by approximately \$342,000.
